Notes to the Unaudited Condensed Financial Statements - 30 September 2012

1. Corporate information

Malaysian Reinsurance Berhad ("the Company") is principally engaged in the underwriting of all classes of general reinsurance business. There have been no significant changes in the nature of this principal activity during the financial period.

The Company is a public limited liability company, incorporated and domiciled in Malaysia. The registered office of the Company is located at 12th Floor, Bangunan Malaysian Re, No. 17, Lorong Dungun, Damansara Heights, 50490 Kuala Lumpur, Malaysia.

The holding and ultimate holding company is MNRB Holdings Berhad, a company incorporated and domiciled in Malaysia, and listed on the Main Market of Bursa Malaysia Securities Berhad.

2. First-time adoption of Malaysian Financial Reporting Standards ("MFRS")

These unaudited condensed interim financial statements, for the period ended 30 September 2012, have been prepared in accordance with MFRS 134 *Interim Financial Reporting* and comply with IAS 34 *Interim Financial Reporting* issued by the International Accounting Standards Board. For the periods up to and including the year ended 31 March 2012, the Company prepared its financial statements in accordance with Financial Reporting Standards ("FRS").

These unaudited condensed interim financial statements are the Company's first MFRS unaudited condensed interim financial statements for part of the period covered by the Company's first MFRS annual financial statements for the year ending 31 March 2013. MFRS 1 *First-Time Adoption of Malaysian Financial Reporting Standards* ("MFRS 1") has been applied.

The explanatory notes attached to these unaudited condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Company since the year ended 31 March 2012.

2. First-time adoption of Malaysian Financial Reporting Standards ("MFRS") (cont'd.)

In preparing its opening MFRS Statement of Financial Position as at 1 April 2011 (which is also the date of transition), the Company has adjusted the amounts previously reported in financial statements prepared in accordance with FRS. An explanation of how the transition from FRS to MFRS has affected the Company's financial position, financial performance and cash flows is set out in Note 3 below. These notes include reconciliations of equity and total comprehensive income for comparative periods and of equity at the date of transition reported under FRS to those reported for those periods and at the date of transition under MFRS. The transition from FRS to MFRS has not had a material impact on the statement of cash flows.

3. Significant accounting policies and application of MFRS 1

The audited financial statements of the Company for the year ended 31 March 2012 were prepared in accordance with FRS. The requirements under FRS and MFRS are generally similar and, accordingly, the significant accounting policies adopted in preparing these unaudited condensed interim financial statements are consistent with those of the audited financial statements for the year ended 31 March 2012 except in respect of the revaluation of property, plant and equipment and the redesignation of financial assets as discussed below.

3.1 Property, plant and equipment

During the financial year ended 31 March 2012, the Company had adopted a policy of revaluation on self-occupied land and buildings and the resulting revaluation gain of approximately RM35.7 million was recognised in other comprehensive income and accumulated in equity under the heading of revaluation surplus.

Upon transition to MFRS, the Company had remeasured its self-occupied land and buildings using the revaluation model under MFRS 116 *Property, Plant and Equipment*. Accordingly, a revaluation surplus of RM22.9 million was recognised in other comprehensive income and transferred to the revaluation reserve on the date of transition to MFRS.

3.2 Redesignation of financial assets

MFRS 1 allows an entity to designate a previously recognised financial asset or financial liability as a financial asset or financial liability at fair value through profit or loss or an available-for-sale financial asset. Consequently, the Company has redesignated a previously recognised held-to-maturity investments as available-for-sale financial asset in accordance with the adoption of MFRS 1. This change in accounting policy has been applied retrospectively.

21. Fair values of financial instruments

FRS 7 Financial Instruments: Disclosures requires the classification of financial instruments held at fair value according to a hierarchy that reflects the significance of inputs used in making the measurements, in particular, whether the inputs used are observable or unobservable. The following levels of hierarchy are used for determining and disclosing the fair value of the Company's financial instruments:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs that are based on observable market data, either directly or indirectly

Level 3 - Inputs that are not based on observable market data

During and at the end of the financial year, there were no financial assets measured at fair value under Level 3 of the fair value hierarchy. As at the reporting date, the Company held the following financial assets that are measured at fair value under Levels 1 and 2 of the fair value hierarchy:
