20. Fair values of financial instruments

MFRS 7 Financial Instruments: Disclosures requires the classification of financial instruments held at fair value according to a hierarchy that reflects the significance of inputs used in making the measurements, in particular, whether the inputs used are observable or unobservable. The following levels of hierarchy are used for determining and disclosing the fair value of the Company's financial instruments:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs that are based on observable market data, either directly or indirectly

Level 3 - Inputs that are not based on observable market data

During and at the end of the financial year, there were no financial assets measured at fair value under Level 3 of the fair value hierarchy. As at the reporting date, the Company held the following financial assets that are measured at fair value under Levels 1 and 2 of the fair value hierarchy:
