Corporate governance disclosures (as referred to in the Directors' Report)

The Board of Directors ("Board") of Malaysian Reinsurance Berhad remains committed towards maintaining high standards of corporate governance throughout the Company and strives to continuously improve the effective application of the principles and best practices in conformity with BNM's PD CG issued on 3 August 2016.

The Company's policy is to implement these principles and best practices and to uphold high standards of business integrity in all activities undertaken by the Company. The Board is responsible for the proper stewardship of the Company's resources, the achievement of the Company's objectives and good corporate citizenship. It discharges this responsibility by complying with all the relevant Acts and Regulations, including adopting the principles and best practices of the PD CG.

The Board retains full and effective control over the Company's affairs. This includes the responsibility to determine the Company's development and overall strategic direction. Key matters such as the approval of financial results, major capital expenditures, budgets, business plans and succession planning for top management, are reserved for the Board or its appointed committees to deal with.

The meetings of the Board are chaired by the Non-Executive Chairman, whose role is clearly separated from the role of the President & Chief Executive Officer ("PCEO"), who ensures that Board policies and decisions are implemented accordingly.

Board Composition

The Board comprises members with relevant expertise and experience drawn from business, financial and technical fronts which strengthened leadership and management.

At the date of this Report, the Board comprises of five (5) members of whom four (4) members are Independent Non-Executive Directors ("INED"), including the Chairman and one (1) is a Non-Independent Executive Director ("NIED").

Board Composition (cont'd.)

As at the date of this report, the percentage of the Board composition is as follows:

	Composition	Percentage
NIED	1/5	20.0%
INED	4/5	80.0%

Encik George Oommen had been appointed as Chairman with effect from 7 January 2019.

By virtue of this composition, the Company is in compliance with the following paragraphs of the PD CG:

- (i) paragraph 11.3 which requires that the Chairman of the Board must not be an executive;
- (ii) paragraph 11.4 which requires that the Board should not have more than one executive director; and
- (iii) paragraph 11.6 which requires that the Board should have a majority of independent directors at all times.

Under the Company's Constitution, the number of Directors shall not be more than ten (10) and the Board currently comprises five (5) Directors.

The Directors bring to the Board, a wide range of knowledge and experience in relevant fields such as insurance/takaful and reinsurance/retakaful, accounting and finance, investment, international business and business operations. The Board has the necessary depth of experience and judgment to bear on issues of strategy, performance, resources and ethical standards. The Board is of the opinion that its current composition and size constitute an effective Board for the Company.

Key information on each Director is set out under the section 'Board of Directors' Profile' on pages 35 to 37.

Board Charter

The Board had formalised a Board Charter setting out the duties, responsibilities and functions of the Board in accordance with the principles of good corporate governance set by the regulatory authorities. This Board Charter will be reviewed periodically when necessary to incorporate updates and enhancements to the existing rules and regulations. The Board Charter is available on the Company's website at www.malaysian-re.com.my.

Directors' Code of Ethics

Directors' Independence and INED

The Board comprises a majority of INEDs.

The independence of the Directors is assessed by the Nomination Committee/Board in accordance with the requirements of BNM and the Company's Policy on Independent Directors.

The Independent Directors play a pivotal role in corporate accountability and provide unbiased and independent views and judgement in relation to the Board's deliberation and decision-making process. This is reflected in their membership in the various Board Committees and attendance at meetings.

The Company determines the independence of its Directors in accordance with the requirements under the PD CG. Under the PD CG, an Independent Director of the Company is one who himself or any person linked to him is independent from Management, the substantial shareholders of the Company and/or any of its affiliates, and has no significant business or other contractual relationship with the Company or its affiliates within the last two (2) years; and has not served for more than nine (9) years on the Board, except under exceptional circumstances and approved by BNM.

All Independent Directors have demonstrated to the Board that they have exercised impartial and independent judgement while protecting the interests of the Company.

The Non-Executive Directors do not participate in the day-to-day management of the Company and do not engage in any business dealings or other relationships with the Company (other than in situations permitted by the applicable regulations) in order to ensure that they remain truly capable of exercising independent judgement and act in the best interests of the Company and its shareholders. The Board is also satisfied that no individual or group of individuals dominate the decision-making process of the Board to ensure a balanced and objective consideration of issues, thereby facilitating optimal decision-making.

Policy on Independent Directors

The Board has adopted a 9-year policy for the tenure of INEDs, which is implemented to ensure the continuous effective functioning of the Board. Due to the specialised nature of the Company's businesses, the Board is of the view that the maximum of 9 years is reasonable considering there are significant advantages to be gained from long-serving Directors who already possess tremendous insight and knowledge of the Company's business affairs.

The Board feels that the length of INEDs' service on the Board does not in any way interfere with their exercise of independent judgement and their ability to act in the best interests of the Company.

**Malaysian Reinsurance Berhad
(Incorporated in Malaysia)**

Policy on Independent Directors (cont'd.)

Before the removal or resignation of an Independent Director can take effect, the prior approval of BNM must be obtained.

In assessing independence, the Board evaluates the following criteria:

- the ability to challenge the assumptions, beliefs or viewpoints of others with intelligent questioning, constructive and rigorous debating, and dispassionate decision-making for the good of the Company;
- a willingness to stand-up and defend their own views, beliefs and opinions for the ultimate good of the Company; and
- an understanding of the Company's business activities in order to appropriately provide responses on the various strategic and technical issues brought before the Board.

Nonetheless, any reappointment of INED who had served more than 9 years shall be subject to shareholder's approval at a general meeting.

Appointment to the Board & Group Shariah Committee ("GSC") and appointment of Key Senior Management Officers

The Board ensures that a formal and transparent nomination process for the appointment of Directors, GSC members and Key Senior Management Officers is continuously maintained and improved pursuant to its nomination framework.

Individuals appointed to the Board, GSC and relevant senior positions have the appropriate fitness and propriety to discharge their prudential responsibilities during the course of their appointment.

The appointment of new Board members are considered and properly evaluated by the Nomination Committee ("NC"). New nominees for directors are assessed by the NC in accordance with the Company's Fit and Proper Policy for Key Responsible Persons. These assessments are carried out based on the declarations by each individual on matters such as criminal record, the record of material academic/professional qualifications and the execution of checks on bankruptcy and regulatory disqualification. Upon completing this process, the Committee shall recommend the proposed appointment to the Board for its deliberation and approval. In making these recommendations, the NC assesses the suitability of candidates, taking into account the required mix of skills, knowledge, expertise and experience, as well as professionalism, integrity including financial integrity, competencies and other qualities, before recommending them to the Board for appointment. An interview session is held between members of the NC and the candidate prior to its recommendation to the Board.

The NC and Board will devote sufficient time to review, deliberate and finalise the selection of Directors. In this aspect, the Company Secretary will ensure that all the necessary information is obtained and relevant legal and regulatory requirements are complied with. In this aspect, the Board is also guided by the Company's Fit and Proper Policy for Key Responsible Persons.

**Malaysian Reinsurance Berhad
(Incorporated in Malaysia)**

Appointment to the Board & Group Shariah Committee ("GSC") and appointment of Key Senior Management Officers (cont'd.)

The NC conducts a yearly assessment on the suitability of the present Directors under the abovementioned Fit and Proper Policy for Key Responsible Persons. The fit and proper assessment for the Directors includes self-declaration and vetting by the Company for the purpose of ensuring that they are suitable to continue serving as Directors of the Company. The following aspects would be considered by the Board in appointing/reappointing Directors:

- probity, personal integrity and reputation – the person must have key qualities such as honesty, independence of mind, integrity, diligence and fairness;
- competence and capability – the person must have the necessary skills, ability and commitment to carry out the role; and
- financial integrity – the person must have financial soundness and be able to manage their debts and financial affairs prudently.

The Board's expectations on the time commitment and contribution from the Directors will also be clearly communicated to the potential candidates. The NC will evaluate the candidates' ability to discharge their duties and responsibilities as well as appropriate time commitment prior to recommending their appointment as Directors for approval.

Re-appointment and Re-election of Directors

All Directors may subject themselves for re-appointment and/or re-election upon the expiry of their BNM Appointment Term or in accordance with Article 84 of the Company's Constitution, where one-third (1/3) of the Directors for the time being, or if their number is not a multiple of three (3), then the number nearest to one-third (1/3), shall retire from office at each Annual General Meeting ("AGM") and that all retiring Directors can offer themselves for re-election.

Pursuant to PD CG, the Company is required to apply to BNM for the re-appointment of its Directors at least three (3) months prior to the expiry of their terms of appointment as approved by BNM, should it wish to extend their appointments. Prior to such application, the relevant Directors will be assessed by the NC and the Board and they are required to give consent on their re-appointment prior to the recommendation being made.

In accordance with Article 84 of the Company's Constitution, Datin Zaimah binti Zakaria will be retiring at the forthcoming Annual General Meeting and, being eligible offers herself for re-election.

Directors who are appointed by the Board during the financial period before the AGM are also required to retire from office and seek re-election by the shareholders at the first opportunity after their appointment. Board and Individual Directors' Effectiveness

The Board members undertake a formal and transparent process, upon completion of every financial year, to assess the effectiveness of their fellow Directors, the Board as a whole and the performance of the PCEO.

The Board and Individual Directors Evaluation is based on answers to a detailed questionnaire. The evaluation form is distributed to all Board members and covers topics which include, among others, the responsibilities of the Board in relation to strategic plan, fiscal oversight, risk management, Board composition and training needs.

Other areas which are assessed include the contribution of each and every member of the Board at meetings.

The NC, having deliberated the findings of the Board and Individual Directors Evaluation, will report to the Board the results and highlight those matters that require further discussion and direction by the Board.

The Board members' directorship in companies other than the Company, are well within the restriction of not more than five (5) directorships in public listed companies as stated in the PD CG .

Roles and Responsibilities of the Chairman and PCEO

The roles and responsibilities of the Chairman and the PCEO are separated with a clear division of responsibilities as defined in the Board Charter. This distinction is to provide better understanding and distribution of jurisdictional responsibilities and accountabilities. The Chairman and the PCEO are not related to each other.

The Chairman leads the Board and is also responsible for its performance. Together with the rest of the Board members, the Chairman sets the policy framework and strategies to align the business activities driven by the Senior Management Team with the Company's vision and mission.

The PCEO is mainly accountable for the day-to-day management to ensure the smooth and effective running of the Company. He is also responsible for the implementation of policies and Board decisions as well as coordinating the development and implementation of business corporate strategies.

The PCEO also ensures that the financial management practice is at the highest level of integrity and transparency for the benefit of the shareholders and the affairs of the Company are performed in an ethical manner.

Remuneration Policy in respect of the PCEO and Board Appointees of the Company

The objective of the Company's remuneration policy is to attract, motivate, reward and retain quality personnel.

**Malaysian Reinsurance Berhad
(Incorporated in Malaysia)**

**Remuneration Policy in respect of the PCEO and Board Appointees of the Company
(cont'd.)**

The remuneration of the PCEO, the Board Appointees and the Senior Management team of the Company are reviewed and approved annually by the Remuneration Committee and the Board respectively.

The basic component of the remuneration package comprises a monthly basic salary. The variable component has been designed to link rewards to corporate and individual performance, based on appropriate and meaningful performance measures set up by the Company, and approved by the Remuneration Committee and the Board. Such components comprise a performance-based variable bonus, which are awarded once a year. In awarding this variable component, the PCEO, Board Appointees and Senior Management Team's corporate and individual performances are measured using a balanced measurement approach that encourages business sustainability and ensures prudent risk taking.

The Company's variable compensation varies in line with its financial performance and the meeting of corporate governance requirements.

Staff engaged in all control functions including Actuarial and others do not carry business profit targets in their goal sheets and hence are compensated independent of the business profit achievements. Their compensation is dependent on the achievement of key results in their respective domain.

In awarding long-term incentives, the Remuneration Committee also takes into account their potential for future development and contribution to the Company.

In such annual remuneration reviews, the Remuneration Committee takes into consideration factors such as market competitiveness and internal equity, and that the remuneration is commensurate with individual performance and contributions.

The annual budget for salary increment and performance-related variable bonus is submitted to the Board for approval. The competitiveness of the Company's compensation structure is reviewed when necessary, subject to relevance and affordability, relative to a peer group of companies that is considered to be relevant for compensation purposes to ensure continued appropriateness. The review is done through benchmarking exercise from remuneration survey conducted independently by consultants.

The Company will include the processes described above in the remuneration policy to be approved by the Board in the next financial year. The remuneration policy, when approved, would be subject to periodic board review, including when material changes are made to the policy.

The Company's variable compensation varies in line with its financial performance and the Policy Document on Corporate Governance requirements.

The Board also recognises that risk management is a continuous process, designed to manage risks impacting the Company's business strategies and objectives, within the risk appetite and tolerance established by the Board. In pursuing these objectives, internal control systems can only provide reasonable, but not absolute, assurance against any material financial misstatement, fraud or losses.

The Board adopts the Group Enterprise Risk Management (Group ERM) Framework that describes the structure, approach and process for identifying, evaluating, responding to, monitoring and managing the significant risks faced by the Company. The Framework has been in place for the whole of the financial year ended 31 March 2019 and has continued up to the date on which this report was approved.
